

SURVIVAL SKILLS

Fantastic events that engage, motivate, challenge and energise your teams

Overview

Getting back-to-basics is always great fun. We encourage teams to explore their surroundings, build shelters, light fires and cook something scrumptious and exotic for their lunch.

Benefits

- Stretching comfort zones
- Teamwork
- Leadership
- Competition
- Cooperation
- Fun!!

Summary

- Outdoor
- Half or full-day
- Easy
- 8 – 80 people
- All equipment, instruction and insurance included.

Highlights

Our survival skills course is a real back-to-basics adventure. We disappear off into the woods and let teams loose fending for themselves. We help them build shelters, light fires and cook their lunch too. This is a really popular activity once the day has begun - especially after a hearty home-cooked lunch. For brave teams we can camp out overnight to test their shelters.

Considerations

We have a few venues where we are able to complete this task - obviously with the land-owners consent. If it's within hotel grounds we can usually organise a few rooms to get cleaned up in after the event. Don't worry, we are rarely beaten by the weather and will bring along suitable large shelters.
