

# BRIDGES OF BABYLON

*Fantastic events that engage, motivate, challenge and energise your teams*

## Overview

Teams have to use their creative skills to design and construct bridges to meet certain criteria – all linked to the themes of your day or programme. It sounds easy but we make them progressively harder to add to the fun.

## Benefits

- Combine with other activities to make a half or full day of it
- Teamwork
- Competition
- Fun!!

## Summary

- Outdoor
- From 30-60 minutes
- Easy
- 8 – 80 people
- All equipment, instruction and insurance included.

## Highlights

This is another of our creative activities. We provide teams with lots of materials from which they have to bridge a space. This might be as simple as spanning two tables or larger distances when outdoors. We also have a great version with just a few materials which tests the planning and speed with which the teams work - and compete with each other.

## Considerations

This can be used as just a stand-alone activity lasting under an hour or integrated with other tasks to complete a half or full day. We can increase the challenge factor by including financial aspects to the task with rewards and penalties for how much material has been used or the time taken. This is a really good exercise for teams to compete against each other.
