

CHAIN REACTION

Fantastic events that engage, motivate, challenge and energise your teams

Top 5 Activity

Overview

Teams get to build a fantastic chain reaction with all the materials provided. This is great fun and stretches the teams.

Benefits

- Combine with other activities to make a half or full day of it
- Teamwork
- Competition
- Co-operation
- Resource management
- Fun!!

Summary

- Indoor or outdoor
- From 2 hours to a full day
- Easy to hard
- 36 – 300 people
- All equipment included

Highlights

This fantastic challenge will see your teams create a piece of technological wizardry in the form of a perpetual motion chain reaction, starting with a unique energy form that transforms as it goes to create an explosive finale.

Considerations

Chain Reaction can be adjusted to the themes of your day and can handle anything from 36 participants to over 300. We can make it easy or complicated, based around the needs and 'challenge level' of your group. For a conference it's a great idea to provide colour-coded t-shirts and hats to add to the atmosphere, competition and fun.
