- Linked to your themes
- Fun!!

Summary

- Outdoor
- From 2 hours to a full day
- Easy to challenging
- 8 – 120 people
- All equipment, instruction and insurance included.

Highlights

Cryptic Challenge is all about getting the best from your teams. We provide a series of tasks that require both mental and physical agility (don't worry - nothing too strenuous). We start off easy and then build the pressure by upping the complexity, increasing the risk as well as the reward element, to see how far the teams can go. Who will win the day?

Considerations

All attendees can enjoy Cryptic Challenge as we ensure there is a wide variety of activities. Those that want to run around can do while others may prefer to sit and ponder the challenges. Combining these skill sets everything gets completed and the attendees come away with a powerful message about skills and teamwork - that's why it's a top five activity.
