### Highlights

We'll help your team get to grips with a series of tasks and activities that will stretch the mind and body. We start easy but as the confidence of the team builds we introduce more and more difficult tasks. Will your attendees rise to the challenge and get through to the end of the session? Who will win the day - the strongest or the brightest?

### Considerations

The great news about Team Zone Challenge is that there is something for everyone. The attendees will quickly learn that strength is not enough. Solving clues and puzzles against the clock (and each other) builds the tension and contributes to an exciting event. We usually base this around a good hotel so lunch and refreshments are on-hand for the attendees.
